Technical Assistance in Fiscal Year 2019

Banking Supervision (September 5-9, 2018):

METAC participated in a joint IMF-World Bank mission to diagnose and assess the TA needs of the Central Bank of Yemen. The assessment covered: central bank governance and organization; correspondent banking relations; payment system reform; cash redenomination and currency management; forex reserves management and international payments; BSR; monetary policy; and anti-money laundering/combating the financing of terrorism. METAC covered the BSR area.
