Regional Workshop on “Taxation of Multinational Enterprises” Cairo, Egypt November 18 – 19, 2026

The International Monetary Fund’s (IMF) Middle East Regional Technical Assistance Center (METAC) and Fiscal Affairs Department (FAD) are organizing a **regional workshop** on “**Taxation of Multinational Enterprises**” in Cairo, Egypt, on **November 18–19, 2026**. The workshop will be conducted in English, with simultaneous interpretation into Arabic and French.

The two-day workshop is designed for senior officials from ministries of finance and tax administrations in the MENA region. It will provide a high-level introduction to international corporate taxation, focusing on the policy, legal design, and administrative challenges arising from the cross-border activities of large multinational enterprises. The program will cover international corporate tax policy, tax incentives, tax treaties, domestic legislation, and legal drafting. It will also provide a platform to examine policy choices, exchange country experiences, and strengthen collaboration between tax policy and administration, while giving participants opportunities to present their own country experiences and policy questions.

For more information, you may contact Ms. Sarah Bou Atmeh, METAC Advisor on Tax Policy at sbouatmeh@IMF.org by **October 8, 2026**.
