**Regional Workshop on Measuring Financial Services
October 1-5 2023**

In collaboration with the IMF's Middle East Center for Economics and Finance (CEF), METAC conducted a five-day workshop on Measuring Financial Services. The workshop was attended by 30 participants from 11 Arab countries and covered the techniques and methods used to estimate financial services in nominal and volume terms, their impact on the sequence of accounts, and estimation of financial institutions' output, intermediate consumption and gross value added as recommended by the 2008 System of National Accounts.
